Superintendent Mark Johnson invites educators to submit a brief proposal to apply for iPads to support their classrooms. Please complete this application and return it to [mark.johnson@dpi.nc.gov](mailto:mark.johnson@dpi.nc.gov). Superintendent Johnson and the NC Department of Public Instruction purchased these iPads utilizing administrative savings at DPI, so there are few restrictions on use.

Please note: if you are a K-3 reading teacher, NC DPI purchased enough devices for every K-3 reading class to have four devices. Those devices are on the way to your schools now.
